Experience

*In addition to his role as Director of Special
Projects, Mr. Tester also heads up our Electrical
Design Division.
He has over 15 years of experience as a project
manager and systems specialist. His extensive
background in Entertainment technology and
Project management skills has led to new
innovations and ideologies in the water feature
industry. He previously held the position of
Senior Project Manager with Crystal Fountains
and his experience makes him highly qualified in
the areas of aquatic design development and
construction documentation.
Due to his extensive experience gained during
his management of a multitude of world class
features globally, Mr. Tester has acquired
specialization in the creative and show design
aspects for all types of water features.*
